

Every run expands the frontier.

Unknown objective

OOD problem or
deeper challenge

Dense Intelligence Runtime

continuous organized research work

Manager

intent · lifetime · stage

Planner

decompose · schedule · re-plan

Engineer

retrieve · build · experiment

Reviewer

inspect evidence · decide

Evidence Gate

artifacts · measurements ·
failures · verdicts

Runtime Evolution

Memory

Skills

Tools

Verifiers

Routing

Evaluations

memory · skills · tools · verifiers
· routing · evaluations

Expanded OOD Frontier

the next unknown task
does not start from zero

$$H(t+1) = U(H(t), \text{trajectory}, \text{evidence})$$

model parameters remain fixed

capability is not guaranteed to grow every run
